Draft Plan Strategy & Associated Appraisal / Assessments

September 2020

Re-Consultation on LDP Draft Plan Strategy

The Council's LDP draft Plan Strategy was already published in December 2019, followed by a consultation period which ended in January 2020. However, a procedural error has been identified so this further consultation period is now being undertaken. Any additional or revised representations may now be submitted during this re-consultation period.

If you did not make a Representation to the draft Plan Strategy during the previous consultation period and now wish to do so, please use this form to make your Representation. Similarly, you can use this form to provide any additional or revised information to a previously made Representation or to indicate that you do not wish to add any further information to your previously submitted Representation.

What is the Local Development Plan (LDP)?

The new LDP will guide land-use development and set out Planning policies and proposals for the use, development and protection of our settlements and countryside across our District to 2032. Crucially, it will help to deliver the outcomes in the Strategic Growth Plan. Once the LDP is adopted, its Planning policies, zonings and development proposals will be used to determine planning applications across the District. The LDP will comprise of two development plan documents: this LDP Plan Strategy and, in due course, the LDP Local Policies Plan.

What is the LDP Plan Strategy (PS)?

This LDP draft Plan Strategy sets out the Council's strategic Planning objectives, designations and policies for the District in line with regional strategies and policies, but tailored to the local needs of this City and District.

The preparation of the PS has been informed by the Council's LDP Preferred Options Paper (POP – May 2017) which provided the basis for consulting with the public and stakeholders on a series of options for dealing with key issues in the Plan area. It set out the Council's initial proposals and policy direction, therefore aiming to stimulate public comment and help interested parties to become involved in a more meaningful way at the earliest stage of Plan preparation. The published draft LDP PS fully reflects a consideration of all the representations made during the POP consultation period and all engagement with stakeholders, consultees and elected Members of the Council.

Section F: Soundness

The LDP draft Plan Strategy will be examined at Independent Examination (IE) in regard to its 'soundness'. Accordingly, your responses should be based on soundness and directed at specific strategic policies or proposals that you consider to be unsound, along with your reasons. The tests of soundness are set out below in Section J.

Those wishing to make representations seeking to change the draft Plan Strategy should clearly state why they consider the document to be unsound having regard to the soundness tests in Section J. It is very important that when you are submitting your representation that your response reflects the most appropriate soundness test(s) which you believe the draft Plan Strategy fails to meet. There will be no further opportunity to submit information once the consultation period has closed unless the Independent Examiner requests it.

Those who make a representation seeking to change the LDP draft Plan Strategy should also state below whether they wish to be heard orally at the Independent Examination (Please see www.pacni.gov.uk for further details on the IE procedures.)

Section G: Type of Procedure

Q5. Please indicate if you would like your representation to be dealt with by: (Required)
Please select one item only

- Written (Choose this procedure to have your representation considered in written form only)
- Oral Hearing (Choose this procedure to present your representation orally at the public hearing)

Unless you specifically request a hearing, the Independent Examiner will proceed on the basis that you are content to have your representation considered in written form only.

Please note that the Independent Examiner will be expected to give the same careful consideration to written representations as to those representations dealt with by oral hearing.

Section H: Is the draft Plan Strategy Sound?

Your comments should be set out in full. This will assist the Independent Examiner to understand the issues you raise. You will only be able to submit further additional information if the Independent Examiner invites you to do so.

Sound

If you consider the Plan Strategy to be Sound and wish to support the LDP Plan Strategy, please set out your comments below.

We consider the plan to be sound and we are very supportive of the local development plan strategy. We are keen to see the policy actions around the "Town Centre First Approach" accelerated and pursued vigorously. The following points are made in support of the LDP process and we are hopeful that they will be taken on board on your deliberation moving forward:

P.45 Encouraging to note the references to developing & reinforcing Derry City as a principal city of North West.

P.46 Achieving a strong, vibrant and multi-use City Centre and to continue the regeneration of the City as a major tourism destination while respecting its heritage assets and unique walled core through sensitive development.

P.46 Under Social Development Objectives, there should be greater acknowledgement of promoting sustainable and mixed tenure city/town centre living

P.70(6.41) - while supportive of retailing being a 'main focus' it should not be the principal focus in view of the economic vulnerabilities within the wider retailing sector. These vulnerabilities have been intensified given the effect of the Covid related lockdown and the clear uncertainty which will prevail over the longer period. It is vital that a new city centre diversification plan is developed which in turn will assist in any retail related concentration risk. The plan should also support other non-retail uses that can contribute to city centre vibrancy - day and night

P.87 - supportive of GDP 8 in terms of preserving and enhancing the historic environment & welcomes the references to promoting better design and quality materials. In context of our city centre conservation areas, there should be greater reference also to promoting high quality commercial facades and signage.

P.114 - SRA's Derry City Centre - whilst supportive of the main principals for the city centre, it should reference strengthening connectivity between the central riverfront and the historic walled city given its economic and heritage importance. Perhaps by installation of quality street art to underpin a tourist trail from Ebrington/waterfront through the walled city.

Ps. 129 to 134 - supportive of the policy statements and amplification relating to protecting & promoting the retail and economic vibrancy of Derry City Centre. Whilst supportive of protecting retailing, it is important that the plan does not reply/focus solely on retailing as being the sum total of economic activity in City and Town centres. The plan needs to take account of changing retailing dynamics both globally and nationally and now as consequence of Covid. Whilst seeking to attract retail uses, it should also actively support other diversified uses (including residential) that provide active ground floor frontages and contribute to a mixed use economically and culturally vibrant city centre.

P.139- on the basis of above, policy RP8 should be reviewed. It assumes a healthy retailing economy generally when it is widely known that the retailing sector is continually downsizing to the detriment of our city and town centres. This has been further exacerbated due to effect of Covid 19. this polciy should also make provision for instances where established retail units are laying vacant for a defined period, and that this should be used as a justification to permit other appropriate non retailing uses. As a general observation, it is hoped that the specific policies will also seek to control more effectively, the presence of amusement arcades in towns and city centres with particular reference to heritage sensitive locations such as our walled city.

Ps.346 - 347 - supportive of the importance attached to preserving our built heritage and the references to the historic walled city and conservation areas in para 23.4

Ps.351 - 353 - welcome the specific references to the historic city walls and policy HE3

Ps 354 - 356 - supports the policy statements in HE4 and HE5 relating to advertisements and that the final LDP when adopted should contain clear and specific design guidance in relation to the sitting and display of adverts in heritage sensitive locations such as listed buildings, conservation areas, scheduled monuments and ATC's.

Ps 399 - 423 - welcomes and supports the high level place making vision and the specific principles relating to Derry City Centre and which align with the objectives of our recent initiatives including the 2018 international Heritage Regeneration Conference and subsequent conference report and its recommendations.
