Environmental Information Regulations Request - Active "Intoxicating Liquor" Bye-laws and Geospatial Boundary Data

I refer to your EIR request and respond as follows:

Request

I am writing to make a request under the Freedom of Information Act 2000 regarding Bye-Laws prohibiting the consumption of intoxicating liquor in designated places (made under Section 90 of the Local Government Act (Northern Ireland) 1972) currently in force within your District.

Context and Public Interest: I am developing a navigational safety tool that assists the public in understanding where specific local restrictions apply. There is significant public interest in ensuring that the boundaries of these enforced zones are transparent, accessible, and clearly defined digitally to prevent inadvertent breaches by citizens.

Information Requested: Please provide the following information for all Designated Places where the consumption of intoxicating liquor is currently prohibited or restricted by Bye-Law within your District:

1. The Name of the Designated Place (e.g., "Main Street", "Donegall Place", or the specific area name as listed in the Bye-Law Schedule).
2. The Title of the Bye-Law under which this Place is designated.
3. The specific prohibitions included in the Bye-Law (or a direct link to the full text).
4. The date the Bye-Law came into force.
5. The Geographic Boundary of the Designated Place.

Format of Geographic Data: To ensure this data is accurate and usable, the format of the boundary data is critical.

If the boundary is complex (custom drawn): Please provide the geospatial boundary data in a machine-readable format. Preferred formats are GeoJSON (.json / .geojson), Esri Shapefile (.shp), KML/KMZ (.kml / .kmz), or GeoPackage (.gpkg).

If the boundary is identical to (coterminous with) an existing administrative area: Please state the full name and administrative level of that area (e.g., "The entirety of Ward X" or "The entirety of Townland Y"). Please use the official name rather than colloquial descriptions.

Please note: Under Section 11(1) of the Freedom of Information Act, I am expressing a preference for the information to be communicated in an electronic, machine-readable format (GIS vector data) rather than static images (PDFs/JPEGs), to facilitate analysis and accessibility.

Re-use of Information: I request permission to re-use this information under the Re-use of Public Sector Information Regulations 2015. My intended use involves aggregating this data into a mobile application to help citizens identify active restricted zones.

If you have any queries regarding this request or require clarification, please do not hesitate to contact me.

Response
