Environmental Information Regulations Request - ORCS Charging Point Updates

I refer to your EIR request and respond as follows:

Request

I am enquiring about the ORCS scheme and whether there's been any update on its progress across Derry.

The last update I could find was that works were underway and the first charging points were expected to go live around March, but I haven't seen anything since.

Would it be possible to provide a list of the current, planned and future charging point locations, along with any expected go-live dates, if these are available?

If that's not something you can provide, I would appreciate any update on how things are progressing at the different locations and whether there are any revised timelines.

If you do not hold this information, would it be possible for you to direct me to the relevant authority e.g. DfI?

Response

Please see the list of sites that will have ORCS chargers installed within the council area in the spreadsheet attached.

Derry
C/o Council Offices
98 Strand Road
Derry
BT48 7NN

Strabane
C/o Council Offices

Derry City & Strabane District Council
@dcsdcouncil

Please note that the first 3 on the table will be available for use by end of September 2026. The remainder are targeted to be in use by year end. However, some may fall into Q1 of 2027.

If you are dissatisfied with our response, you have rights of review and appeal; these rights consist of two review processes.

Firstly, our internal review procedure is available by contacting:

John Kelpie
Chief Executive
Derry City and Strabane District Council
98 Strand Road
Derry BT48 7NN
Tel: 028 71253253 or email: john.kelpie@derrystrabane.com

Secondly, you can appeal directly by contacting the Information Commissioner at:

Information Commissioner
Wycliffe House
Water Lane
Wilmslow
CHESHIRE SK9 5AF
Tel: 0303 123 1113 (local rate) or email: casework@ico.org.uk

I would however advise that the Information Commissioner has indicated that a review will not be undertaken unless the Council has first had an opportunity to re-consider its decision.

Yours sincerely

Paul Doherty
Energy Manager
