Subject: Prehen map

Dear Mr McCarron:

Here is the map of the land I asked about. It is old, and I have not marked it. I had a better one to send, but it did not include all of the 2 fields subject to protective covenants, for which Derry Golf Club have reportedly applied to change the zoning.

The fields are 9 acres total, between their course and Prehen House and outbuildings. The smaller of the two is walled.

On newer maps a small area is excluded: 1 acre between properties on Sunningdale Drive and Prehen House. This is not owned by CDGC.

I'm sorry for the delay, I

Thank you,

Julia Peck
