

# Recycled Picture Scene

Before you throw those old magazines, newspapers, comics and books into the recycling bin, use them to make your own imaginary scene. Simply cut out pictures of people, places and objects and arrange them in the space below to create an imaginary scene. Once you're happy with your image, glue the pictures in place and write a description of the scene. Use the writing checklist to help you think about what to include. Tick each one off after you have used it.
