Public Notice

Street Trading Act (NI) 2001

Consultation on Street Trading Policy

Derry City and Strabane District Council is responsible, under the Street Trading (NI) Order 2001, for regulating street trading throughout the district.

Currently we are in the process of reviewing our policy with respect to street trading, with a view to increasing consistency and transparency in the regulation of street trading and assisting stakeholders towards a better understanding of their rights and responsibilities.

Our aim is to promote street trading which:

- complements premises-based trading
- is sensitive to the needs of local communities
- creates opportunities for small businesses to establish themselves and grow
- increases diversity and consumer choice
- protects public safety and prevents nuisance and criminal activity
- enhances the character and ambience of the local environment

The new policy proposes some changes to the ways in which we regulate street trading and we are, therefore, seeking the comments and opinions of those who may be affected.

Further details and information on how you can contribute to this consultation may be obtained, at:
