**Representations Form for the LDP Draft Plan Strategy  
& Associated Appraisal / Assessments**

December 2019

## Introduction

Derry City and Strabane District Council is planning for the future. It is the start of a challenging and exciting journey. It will be a long-term and collaborative process, driven by the Council which is committed to grasping the opportunities and addressing the challenges that face us, some unique to our situation and others generated by global forces beyond our control.

United by a shared vision, the Council's Local Development Plan (LDP) and our Community Plan - the Strategic Growth Plan, will drive this process as we seek together to strategically grow and improve social, economic and environmental wellbeing for all. The publication of the LDP draft Plan Strategy is the next step on this journey.

## What is the Local Development Plan (LDP)?

The new LDP will guide land-use development and set out Planning policies and proposals for the use, development and protection of our settlements and countryside across our District to 2032. Crucially, it will help to deliver the outcomes in the Strategic Growth Plan. Once the LDP is adopted, its Planning policies, zonings and development proposals will be used to determine planning applications across the District. The LDP will comprise of two development plan documents: this LDP Plan Strategy and, in due course, the LDP Local Policies Plan.

## What is the LDP Plan Strategy (PS)?

This LDP draft Plan Strategy sets out the Council's strategic Planning objectives, designations and policies for the District in line with regional strategies and policies, but tailored to the local needs of this City and District.

The preparation of the PS has been informed by the Council's LDP Preferred Options Paper (POP – May 2017) which provided the basis for consulting with the public and stakeholders on a series of options for dealing with key issues in the Plan area. It set out the Council's initial proposals and policy direction, therefore aiming to stimulate public comment and help interested parties to become involved in a more meaningful way at the earliest stage of Plan preparation. The published draft LDP PS fully reflects a consideration of all the representations made during the POP consultation period and all engagement with stakeholders, consultees and elected Members of the Council.

## Section F: Soundness

The LDP draft Plan Strategy will be examined at Independent Examination (IE) in regard to its 'soundness'. Accordingly, your responses should be based on soundness and directed at specific strategic policies or proposals that you consider to be unsound, along with your reasons. The tests of soundness are set out below in Section J.

Those wishing to make representations seeking to change the draft Plan Strategy should clearly state why they consider the document to be unsound having regard to the soundness tests in Section J. It is very important that when you are submitting your representation that your response reflects the most appropriate soundness test(s) which you believe the draft Plan Strategy fails to meet. There will be no further opportunity to submit information once the consultation period has closed unless the Independent Examiner requests it.

Those who make a representation seeking to change the LDP draft Plan Strategy should also state below whether they wish to be heard orally at the Independent Examination (Please see [www.pacni.gov.uk](http://www.pacni.gov.uk) for further details on the IE procedures.)

## Section G: Type of Procedure

**Q5. Please indicate if you would like your representation to be dealt with by:** (Required)

Please select one item only

- Written (Choose this procedure to have your representation considered in written form only)
- Oral Hearing (Choose this procedure to present your representation orally at the public hearing)

Unless you specifically request a hearing, the Independent Examiner will proceed on the basis that you are content to have your representation considered in written form only.

Please note that the Independent Examiner will be expected to give the same careful consideration to written representations as to those representations dealt with by oral hearing.

## Section H: Is the draft Plan Strategy Sound?

Your comments should be set out in full. This will assist the Independent Examiner to understand the issues you raise. You will only be able to submit further additional information if the Independent Examiner invites you to do so.

### Sound

If you consider the Plan Strategy to be Sound and wish to support the LDP Plan Strategy, please set out your comments below.

On behalf of our Client we take the opportunity to respond to the Council's draft Plan Strategy. Our response is based on our Client's interests in the settlement of Goshaden and our representation focuses on the following policies from the draft Strategy.

**Designation SETT 1: Settlement Hierarchy**

Goshaden is largely built out relative to its SDL as designated within the Derry Area Plan 2011. Provision should be made within the LDP to accommodate future growth within the settlement to sustain its future throughout the LDP period. We support the Council's proposal that Goshaden maintains its status as a small settlement in the LDP thereby recognising its concentration of buildings and facilities and sense of cohesion.

**Designation SETT 2: Development within Settlement Development Limits**

We support the Council's aims and objectives for facilitating appropriate growth in the District's small settlements including the provision of additional opportunities for appropriate development through the identification of Land Use Policy Areas in the Local Policies Plan. We will of course respond to this proposal further if need be following publication of the LPP.

**Policy HOU 1: Strategic Allocation and Management of Housing Land – Zoned Housing Land and LUPA's**

We support the draft Plan Strategy's reference to identifying in the LLP LUPA's within the villages and small settlements thereby recognising their needs and ability to accommodate appropriate future development throughout the LDP period.

**Table 8: Indicative Allocation of Housing in DC&SDC by Settlement Tier 2017-2032**

Table 8 indicates an allocation of between 135 – 180 dwellings to the small settlements. This equates crudely to an allocation of circa 10 dwellings per settlement throughout the LDP period depending on their size, available land, function within the district and local facilities and infrastructure. We support the draft Plan Strategy's proposal to allocate dwellings to the small settlements in order to sustain their future throughout the LDP period. In relation to Goshaden, given that the settlement is largely built out there is scope at the LLP stage to provide additional dwellings within a revised SDL on a LUPA.

Attach additional sheet(s) if necessary, but please be as clear and concise as possible.

## Section I: Unsound

In this section, we will be asking you to specify which part(s) of the draft Plan Strategy you consider to be unsound.

Note: If you wish to inform us that more than one part of the draft Plan Strategy is unsound each part should be listed separately, and Sections J and K filled out for each separate part of the draft Plan Strategy. (i.e. if you believe that multiple parts of the draft Plan Strategy are unsound, please fill out multiple copies of Sections J & K.)

**Q6. If you consider that the LDP draft Plan Strategy is unsound and does not meet one or more of the tests of soundness below, you must indicate which test(s) you consider it does not meet, having regard to Development Plan Practice Note 6 available at:**

[https://www.planningni.gov.uk/index/news/dfi\\_planning\\_news/news\\_releases\\_2015\\_onwards/development\\_plan\\_practice\\_note\\_06\\_soundness\\_\\_version\\_2\\_\\_may\\_2017\\_.pdf](https://www.planningni.gov.uk/index/news/dfi_planning_news/news_releases_2015_onwards/development_plan_practice_note_06_soundness__version_2__may_2017_.pdf)

Please note that if you do not identify a test(s), your comments may not be considered by the Independent Examiner. Continued on next page.

- P2. Has the Council prepared its Preferred Options Paper and taken into account any representations made?
- P3. Has the plan been subject to Sustainability Appraisal including Strategic Environmental Assessment?
- P4. Did the Council comply with the regulations on the form and content of its plan and on the procedure for preparing the plan?

### **Consistency tests**

- C1. Did the Council take account of the Regional Development Strategy?
- C2. Did the Council take account of its Community Plan?
- C3. Did the Council take account of policy and guidance issued by the Department

### **Coherence and effectiveness tests**

- CE1. The plan sets out a coherent strategy from which its policies and allocations logically flow and where cross boundary issues are relevant, is it in conflict with the plans of neighbouring Councils.

- CE3. There are clear mechanisms for implementation and monitoring.
- CE4. The plan is reasonably flexible to enable it to deal with changing circumstances.

## **Section J - Tests of Soundness**

### **Appendix 5: Housing Allocation Tables**

We appreciate that elements of information contained within the allocation tables in Appendix 5, including Table 8, are identified as approximate and indicative. However we comment on the soundness of the information presented in response to the CE2 of the Coherence and effectiveness tests.

Table 1: Allocation of Housing over LDP Period 2017-2032 for DC&SDC Settlements, based on crude size indicates that Goshaden's % share of the 9000 district allocation is 5 units with no capacity for further development – assumable based on the current Derry Area Plan SDL which is largely built out. It is indicated as the only settlement within the District which has '0' current housing capacity therefore there is a strong argument for additional allocation throughout the LDP period.

Table 2: Allocation of Housing over LDP Period 2017-2032 for DC&SDC Settlements, based on Settlement Evaluation and Plan Spatial Strategy indicates that Goshaden's indicative potential for more housing post April 2017 is low. Given its location and that the settlement is largely built out we would contend that the indicative potential for more housing post April 2017 should be at the very least medium, particularly as there limited development opportunities within the settlement to sustain it throughout the LDP period. Similar to Table 1 Goshaden is again the only settlement within the District which has '0' current housing capacity therefore there is a strong argument for additional allocation throughout the LDP period. We assume it is classed as low given its proximity to Derry and the A6 as per categories 78 and 81 in the footings at the bottom of Page 504 where growth in such settlements will be restricted. We do not agree with the Council's reasoning for this. We note that in the column titled Indicative Share of District's Housing 2017-2032 Goshaden is the only settlement in the District not to have a figure inserted. We assume that this is in error.

We request that the draft Plan Strategy and allocation figures to the small settlements facilitates appropriate growth to meet a range of accommodation needs throughout the LDP period.
