Dear Mr

**Environmental Information Regulations 2004 Request Noise Abatement Notices, Prosecutions-barking dogs**

I refer to your EIR request and can advise in the most recent annual statistical report of noise complaints for Northern Ireland, published in 2016, Council received 381 domestic noise complaints, 279 of which were classified as animal noise.

In the last three years there are no records of any notices served in relation to dog barking. On the basis of this there would have been no prosecutions for noise during the last three years. Further details on how to report noise pollution in the Council area are available by e mailing [ehhealth@derrystrabane.com](mailto:ehhealth@derrystrabane.com) or completing a feedback form available at: [Comments,-Compliments-and-Complaints-Form](#)

If you are dissatisfied with our response you have rights of review and appeal; these rights consist of two review processes. Firstly our internal review procedure is available by contacting:
