- In 2018, the gross weekly median pay for those working in DCSDC was £381.90 compared with a figure of £342.10 for those who live in the council area. Both of these were lower than the overall NI average (£423.10).
- Those working in DCSDC tend to earn more than those who live in DCSDC. This is as a result of a greater tendency of workers to commute into the council area for higher earning employment.
